

Having livestock water reliability issues or have a failing Septic System?

What the Agriculture program offers:

- ◆ 75% cost share (grant funding not loans) and a VA state tax credit on all out of pocket expenses for projects that involve:
 - ◆ Installing agricultural wells, pipeline, watering troughs, interior fencing, and cattle crossings
 - ◆ Writing individual grazing plans to maximize grazing efficiency

What the Residential program offers:

- ◆ Standard 50% cost share (grant funding not loans only available in the Big Otter Watershed highlighted in the map above) with incremental increases based on house hold income up to 75%.
- ◆ Authorized solutions include:
 - ◆ Connection to a public sewer system
 - ◆ Repairing current system
 - ◆ Replacing current system
 - ◆ Alternative septic systems
