

Home Water Testing

Does your water come from a well, spring, or cistern?

Do you want to learn more about the quality of your water?

How it works:

1. At a brief informational meeting, pick up a sample kit and get instructions to collect your household water sample.
2. Collect a sample from your tap at home and complete a short questionnaire.
3. Drop off sample at a designated location and time.
4. About four (4) weeks later, come back to get your confidential test results, an explanation of what the numbers mean, and information on how to handle any problems that are present.

FEE: \$49 per sampling kit

PRE-REGISTRATION/ PRE-PAYMENT REQUIRED!!

TO REGISTER FOR THE SESSION IN BEDFORD ON AUGUST 26, 2014, AT THE COUNTY ADMINISTRATION BUILDING, REGISTRATION/PAYMENT MUST REACH US NO LATER THAN 5:00 P.M. , AUGUST 21.
