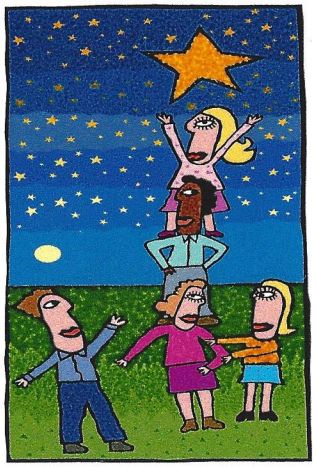
COMMUNITY AWARENESS 2015

It's about the community
looking out for one another,
working together to resolve issues
and accomplish successes.

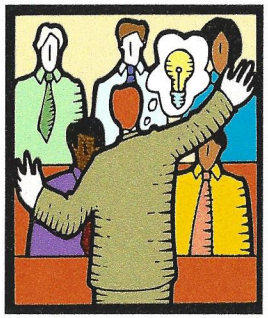
It's that Simple!



A program sponsored by Bedford Police Department to provide a forum for residents, businesses and law enforcement.

A successful track record...

The Neighborhood Awareness program has succeeded for many years, due to the willingness and commitment of residents and businesses to work together as a whole community to ensure that Bedford remains a strong, safe and enjoyable place to live and work.



In the beginning, the focus was on creating awareness groups for each neighborhood. But we found out what effects one neighborhood affects us all.

Throughout the year, *we address issues as a whole community.*

Communication and knowledge are key to the program's success

Are you concerned about traffic on your street, abandoned vehicles, or potential drug activity? Do you understand what a new law means and how it affects you? Want to initiate a change or learn about a topic? Come to a meeting and discover the appropriate department official to contact, request extra patrols, learn how to prepare in case of an emergency, and much more. Industry experts will be invited for topics that require specialized knowledge.
