INTRODUCTORY SECTION

Town of Bedford, Virginia

215 East Main Street • Bedford, Virginia 24523 • (P) 540-587-6001 • (F) 540-587-6143

November 3, 2023

**The Honorable Mayor, Members of Town Council
And the Citizens of Bedford, Virginia:**

We are pleased to present to you the Annual Comprehensive Financial Report (ACFR) of the Town of Bedford for the fiscal year ended June 30, 2023. This report is submitted in accordance with Section 15.1-167 of the Code of Virginia and with Section 30 of the Charter of the Town of Bedford, both of which require an annual independent audit and report of financial activity of the Town. The independent certified public accounting firm of Brown, Edwards & Company, L.L.P., has audited the financial statements and supplemental schedules contained herein. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Town. To the best of our knowledge and belief, the enclosed information is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the Town. All disclosures necessary to enable the reader to gain an understanding of the Town's financial activities have been included.

The Reporting Entity and Services Provided

For financial reporting purposes, in accordance with the Governmental Accounting Standards Board (GASB) criteria, the Town of Bedford includes funds, agencies, boards, commissions and authorities that were controlled by or were financially dependent upon the Town within the reporting period. Control by or financial dependence was determined on the basis of obligation of the Town to finance deficits, guarantee debt, select the governing authority, approve the budget, have authority to make a public levy, and to have ownership of assets. The Town of Bedford provides an extensive range of services for its citizens including general administration, public safety, public works, planning, zoning, economic and community development, code enforcement, and cemetery management. The Town also provides and maintains electrical utilities, and handles solid waste disposal for the benefit of its citizens.

Organization of Government

The Town of Liberty was established in October 1782. In September 1968, the Town of Liberty adopted a city charter and became the City of Bedford. In April 2013, the City of Bedford reverted to the Town of Bedford and adopted its present Town Charter. The Town is organized under a Council-Manager form of government with a seven-member Town Council as the governing body. The Town Council is popularly elected and the Mayor is selected by Town Council from its membership. Council is responsible for adopting an annual budget, passing ordinances,

(Continued)

Organization of Government (continued)

establishing policies, appointing committees, and appointing the Town Manager, Town Attorney and Town Clerk. The Town Manager is responsible for carrying out the policies and ordinances of the Town Council, for the day-to-day operations of the Town, and for appointing Town department heads.

Economic Condition and Outlook

The Town of Bedford is located in the west-central portion of Virginia, midway between the cities of Lynchburg to the east and Roanoke to the west. The Town is within the physical boundaries of Bedford County and serves as the County seat for administrative and judicial affairs. This strategic location between two urban centers and surrounded by Bedford County allows the Town to serve as a regional employment and commercial center, while preserving its small-town atmosphere and enjoying the markets and services of larger cities.

Bedford enjoys a diversified economy primarily comprised of manufacturing, services, and retail trade. Bedford's industrial base includes major employers involved in furniture manufacturing, lithographed labels, plastics, weaving, and polyurethane products. Since the independent City of Bedford was changed to town status and was added to Bedford County, town demographics and economic statistics are now reported in conjunction with Bedford County. Town Council's commitment to economic development and diversification positions the Town well for expansion. Bedford also enjoys a healthy mix in real estate values with approximately 62 percent coming from residential property, while approximately 38 percent is commercial and industrial.

The Town of Bedford has enjoyed a relatively stable economic status as a result of several factors. The Town was one of the first in the Commonwealth to be selected as a Virginia Main Street City in 1985, and its commitment to downtown revitalization has resulted in millions of dollars being invested in ongoing renovation and rehabilitation projects in the Historic Centertown area. Bedford's downtown continues to experience a higher than normal vacancy rate due to several issues such as the shifting economy, however, there has been renewed interest in that area by several new start-up businesses. A significant downtown improvement program is currently underway and business owners continue to reinvest in their facilities. In addition, there has been a revitalization effort in the Town's vacant industrial properties introducing new residential and commercial opportunities.

The Town of Bedford continues to maintain Virginia Enterprise Zone designation, which provides State incentives for investment focused in Centertown, the older manufacturing buildings along the rail line, as well as the Bedford Center for Business. The Town has capitalized on the full acreage allowed by the State to include key commercial and industrial areas. State Enterprise Zone grants provide money as an incentive for physical improvements to property. The State Enterprise Zone grant also provides an incentive for job creation above four employees. Local

Economic Condition and Outlook (continued)

incentives administered by the Town EDA are designed to reward both new and existing industries.

Tourism continues to grow in the Town and surrounding area. The shared tourism effort with Bedford County stands as a testimonial to the benefits of localities working together. The Welcome Center, at the intersection of Route 122 and US Highway 460, is a credit to the Bedford community, a beacon for travelers, and cost Bedford residents a fraction of its price tag thanks to Town/County joint participation and significant federal transportation funding invested many years ago.

Major Initiatives and Accomplishments

As of June 30, 2023, the Town had several major initiatives accomplished which will serve as the building blocks for continued growth and prosperity within the community. These initiatives include:

- The Town Redevelopment and Housing Authority continues to facilitate the Hilltop CDBG Grant on behalf of the Town, with a total budget of \$963,983. This grant provides homeowners with an opportunity for housing rehabilitation within the area identified in the grant. The Town has seen great success in the first phase of the program and has applied for a second phase grant.
- An award was received in FY 2019 for \$258,000 from the Department of Homeland Security for Staffing for Adequate Fire and Emergency Response (SAFER). The grant applies to FY 2020 through FY 2024. This program allows the Town to provide funding for volunteer firefighters to help meet industry minimum standards and attain 24-hour staffing to provide adequate protection from fire and fire-related hazards.
- The Town received a grant award through the Virginia Department of Transportation (VDOT) of \$5,998,525 towards the replacement of McGhee Street Bridge. During FY 2023, Town Staff completed the RFP Process for Design and Preparation of Plans for the bridge replacement.
- The Town continues to be awarded and manage several other important grant projects that benefit the community and assist at keeping local tax rates stable.
- The Town completed Phase II of the 2013 Reversion Agreement between Bedford County and the Town. On July 1, 2023, the Town will extend the service area to new residents.

Major Initiatives and Accomplishments (continued)

- The Bedford Police Department continues to receive certification through the Commission on Accreditation for Law Enforcement Agencies (CALEA), a prestigious award.
- A financial analysis was presented by the Town's financial advisor regarding a new public safety building that is currently being designed.
- The Town continues to participate in cooperative services such as the Central Virginia Planning District Commission, the Blue Ridge Power Agency, and the Municipal Electric Power Association of Virginia.

Financial Information

During the reporting period, the Town of Bedford managed its financial affairs using Generally Accepted Accounting Principles (GAAP) and maintained its accounting records on a modified accrual basis. The Town's enterprise funds are reported on the full accrual basis, under which revenues are recorded when earned and expenses are recorded when incurred. Additional information can be found in Note 1 of this report.

During the reporting period, Town management was responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Town are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits require estimates and judgments by management. In addition, the Town maintained budgetary controls during the reporting period. The controls in place ensure compliance with legal provisions embodied in the annual appropriated budget approved by Town Council. Additional information can be found in Note 1 of this report.

Budgetary control is maintained at the department or function level by the adoption of an annual, modified accrual plus encumbrances basis for both the General and Enterprise Funds. The budgetary controls are designed to ensure compliance with legal restrictions on expenditures as established by the Town Council. Only the Town Council may revise appropriations. Year-end outstanding encumbrances are reported as a reserve of fund balance and re-appropriated in the subsequent year for General Funds.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis

Financial Information (continued)

(MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Town's MD&A can be found immediately following the report of the independent auditors.

Cash Management

The Town uses a pooled cash concept to allow greater investment flexibility and consequently a better return on investments. During the year, restricted cash was invested in certain U.S. Government Agency Securities and unrestricted cash was primarily deposited with approved local depositories. There were no changes to the Investment Policy adopted by Town Council on June 13, 2017, that governs the specific criteria for all investments handled by the Town during the budget process.

Other Information

Independent Audit

Virginia Law and the Charter of the Town of Bedford require that the financial statements of the Town be audited by a Certified Public Accountant. Brown, Edwards, & Company, L.L.P., has performed an annual audit of the Annual Comprehensive Financial Report. The auditor's report is included in the Financial Section of this report. The auditor's report as required by Government Auditing Standards is found in the Compliance Section of this report.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Bedford for its annual comprehensive financial report for the fiscal year ended June 30, 2022. This was the twentieth consecutive year that the government has achieved this prestigious award. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Other Information (continued)

Acknowledgements

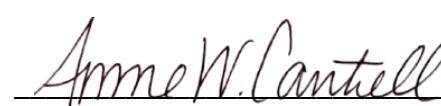

The preparation of this report is a very intensive project, and could not have been accomplished without the assistance and dedication of the Finance Department staff and other personnel from various departments, who assisted in the preparation. The Town would like to specifically recognize the Assistant Finance Director, Susan Roberts, for her dedication to this audited financial report. The Mayor and Town Council continue to be very supportive of our efforts to produce the best financial reports possible for our citizens. We appreciate your support in granting us the time and funding to generate this document, and allowing us to submit it to the GFOA for consideration. Lastly, we would like to express our appreciation to our independent auditing firm, Brown, Edwards & Company, L.L.P., for their cooperation and assistance in these efforts.

Respectfully Submitted,

Barrett F. Warner

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of Town Council
Town of Bedford, Virginia
Bedford, Virginia

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, and each major fund of the Town of Bedford, Virginia (the "Town") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, and each major fund of the Town, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and *Specifications for Audits of Counties, Cities, and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 11 to the financial statements, in 2023, the Town adopted new accounting guidance, *GASB Statement No. 96, Subscription-Based Information Technology Arrangements*. Our opinion is not modified with respect to this matter.

Report on the Financial Statements (Continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on the Financial Statements (Continued)

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management, and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Bedford's basic financial statements. The accompanying discretely presented component units combining financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the discretely presented component units combining financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2023 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

Brown, Edwards & Company, P.C.P.

CERTIFIED PUBLIC ACCOUNTANTS

Roanoke, Virginia

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Bedford, Virginia (the “Town”), we offer readers this narrative overview and analysis of the financial activities of the Town for the fiscal years ended June 30, 2023 and 2022. Please consider the information presented here in conjunction with information that we have furnished in our letter of transmittal found on pages i through vi.

Financial Highlights

- The assets and deferred outflows of the Town exceeded its liabilities and deferred inflows at the close of current fiscal year by \$36,461,898 (net position). Of this amount, \$6,972,326 (unrestricted net position) may be used to meet the Town’s ongoing obligations to citizens and creditors.
- The Town’s total net position increased by \$2,784,818 which is primarily attributable to an increase in electric charges for services and governmental operating grants.
- At the end of the current fiscal year, the Town’s governmental fund reported an ending fund balance of \$6,400,160, an increase of \$223,307 in comparison with the prior year. Approximately 61.13% of this total amount, \$3,912,555 is available for spending at the Town’s discretion (unassigned fund balance).
- The Town’s total liabilities increased by \$35,664, primarily due to the net effect of increases in unearned revenue, customer security deposits, and net pension liability and decreases in accounts payable, accrued payroll and related liabilities, and noncurrent liabilities due in more than one year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town’s basic financial statements, which comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements:

Government-wide Financial Statements – The *government-wide financial statements* are designed to provide readers with a broad overview of the Town’s finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Town’s assets, deferred outflows, liabilities, and deferred inflows, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The statement of activities presents information showing how the Town’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities include general government, judicial

administration, public safety, public works, and cultural and community development. The business-type activities are the solid waste and electric funds.

The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Fund Financial Statements – A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

Governmental Fund – The focus of the Town’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

The Town maintains one individual governmental fund. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, which is considered to be a major fund.

The Town adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

At June 30, 2023, the Town’s governmental fund reported an ending fund balance of \$6,400,160, an increase of \$223,307 in comparison with the prior year. Of that amount, \$981,984 was nonspendable, \$213,370 was restricted, \$220,000 was committed, \$1,072,251 was assigned, and \$3,912,555 was unassigned.

As a measure of the general fund’s liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 32.62% of total general fund expenditures, while total fund balance represents 53.35% of that same amount.

Proprietary Funds – Proprietary funds are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The Town uses enterprise funds to account for its solid waste and electric operations.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information – In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Town’s funding progress for its defined benefit pension plan and other post-employment benefits.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the Town, assets and deferred outflows exceeded liabilities and deferred inflows by \$36,461,898 at the close of the most recent fiscal year.

A portion of the Town's net position (75.86%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure); less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The remaining balance of *unrestricted net assets* (19.12%) may be used to meet the government's ongoing obligations to citizens and creditors.

The Town's Net Position

	Governmental Activities		Business-type Activities		Total	
	2023	2022	2023	2022	2023	2022
Current and other assets	\$ 12,866,625	\$ 12,956,232	\$ 15,820,358	\$ 15,224,765	\$ 28,686,983	\$ 28,180,997
Capital assets (net)	12,393,792	12,491,897	20,254,459	19,988,043	32,648,251	32,479,940
Total assets	25,260,417	25,448,129	36,074,817	35,212,808	61,335,234	60,660,937

Total net position	\$ 11,185,609	\$ 10,979,039	\$ 25,276,289	\$ 22,698,041	\$ 36,461,898	\$ 33,677,080

As noted, net position and assets by category may serve over time as a useful indicator of government's financial position. In the case of the Town, as of June 30, 2023, assets exceeded liabilities by \$36,461,898 in Governmental Activities and Business-type Activities.

The Town's Total Government net position increased by \$2,784,818 (8.27%) during the current fiscal year. The main contributing factor of this increase was a reduction in deferred inflows of resources relating to changes in the actuarial valuation of the Town's post-retirement benefits. The Town continues its current initiative towards lean decision making for all of the Town's funds – including General Fund, Electric Fund, and Solid Waste Fund – in an effort to be good stewards of public resources and to put the Town in the best financial position possible.

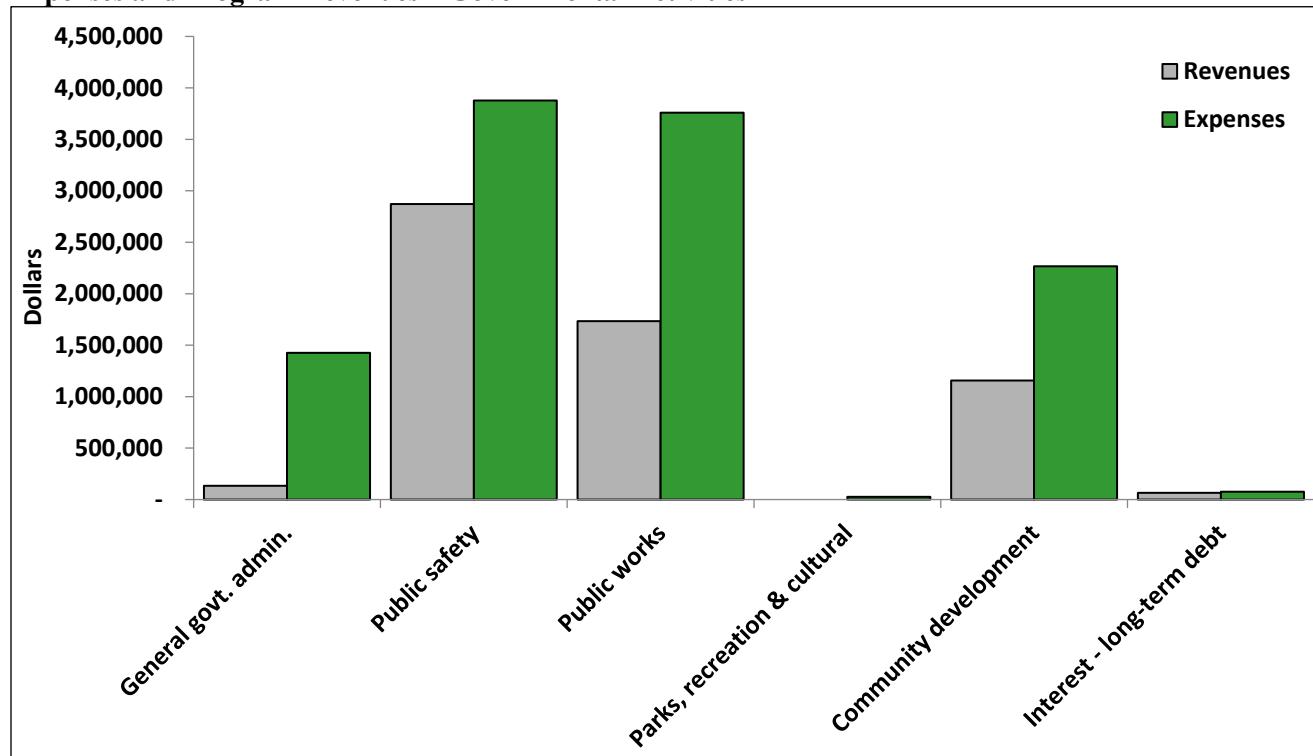

Governmental Activities – Governmental activities increased the Town's net position by \$206,570. The increase in net position is primarily due to the combination of use of American Rescue Plan Act revenue replacement funding of approximately \$2,250,000, higher than budgeted local tax revenue, and the write-off of an interfund receivable/payable between the General Fund and Solid Waste Fund of approximately \$2,275,000. Due primarily to this write-off and a transfer of approximately \$1,100,000 from the Electric Fund to the General Fund, the net transfer from the General Fund to the Enterprise Fund was \$1,368,044.

Business-type Activities – Business-type activities increased the Town's net position by \$2,578,248. The increase was substantially more than the prior year loss of \$776,651, and the increase was primarily related

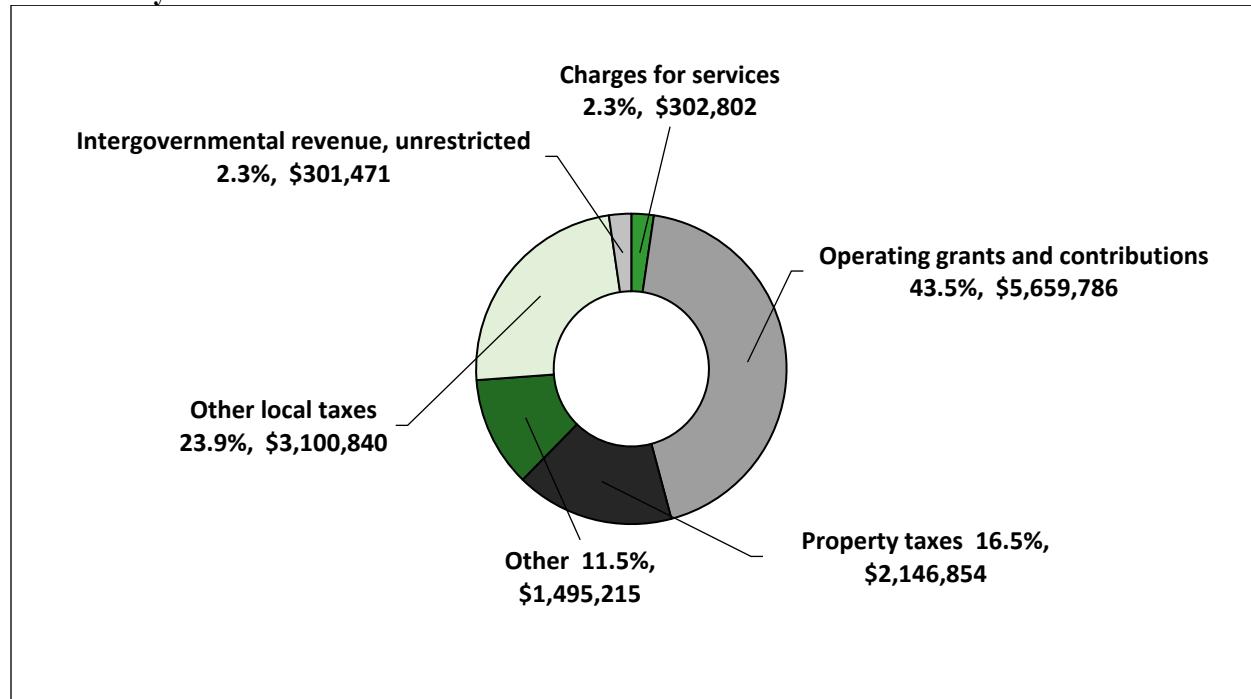

to the write-off of an interfund payable from the Solid Waste Fund to the General Fund relating to the closure of the landfill.

Financial Analysis of the Government's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Fund – The focus of the Town's *governmental fund* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Town's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental fund reported an ending fund balance of \$6,400,160, an increase of \$223,307 in comparison with the prior year. Approximately 61.13% of this total amount – that is, \$3,912,555 constitutes *unassigned fund balance*, which is available for spending at the Town's discretion. Approximately 16.76%, \$1,072,251 constitutes *assigned fund balance*, which the government intends to use for specific purposes, such as purchase orders and future commitments. Approximately 3.44%, \$220,000 constitutes *committed fund balance*, which the Town Council appropriated towards a joint project with the Bedford Regional Water Authority. Approximately 3.33%, \$213,370 constitutes *restricted fund balance* which has been constrained with provisions. Approximately 15.34%, \$981,984 constitutes *nonspendable fund balance* which the government has set aside as a cemetery perpetual care fund per Town Code requirements.

As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 32.62% of total general fund expenditures, while total fund balance represents 53.35% of that same amount.

Proprietary Funds – The Town's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the solid waste fund had a deficit of (\$2,360,792); and the unrestricted net position for the electric fund amounted to \$10,787,430. The total fiscal year increase in net position for enterprise funds was \$2,578,248 or 11.36%. Other factors concerning the finances of these funds have already been addressed in the discussion of the Town's business-type activities.

General Fund Budgetary Highlights

Differences between the original budget and the final amended budget for revenues amounted to \$9,133,080. Differences between the final amended budget and actual results amounted to (\$5,004,668). Highlights include the following:

- Appropriation of \$6,844,498 of the American Rescue Plan Act (ARPA) funding, to include \$4,500,000 towards the Bedford Regional Water Authority for expenditures approved under the signed agreement.
- Appropriation of \$1,000,000 of a VDOT Revenue Sharing Grant for McGhee Street Bridge.
- Appropriation of \$316,374 of Brownfield Grant Funding for the Winoa Project.
- Appropriation of \$156,930 of Transit Grant Funding for the Otter Bus transit operation.
- Appropriation of an additional \$278,756 funding towards VDOT Street and Highway Maintenance.

Differences between the original budget and final amended budget for expenditures amounted to \$8,739,408. Differences between the final amended budget and actual results amounted to \$7,679,242. Highlights are as follows:

- Appropriation of \$6,844,498 of the American Rescue Plan Act (ARPA) funding, to include \$4,500,000 towards the Bedford Regional Water Authority for expenditures approved under the signed agreement, a portion of which was expended.
- Appropriation of \$618,517 for FY22 Budget Rollovers and Purchase Order Rollovers.
- Appropriation of \$1,000,000 of a VDOT Revenue Sharing Grant for McGhee Street Bridge, which was not yet expended.
- Appropriation of \$316,374 of Brownfield Grant Funding for the Winoa Project as a transfer to the EDA as the grant management organization, which was not yet expended.
- Appropriation of \$156,930 of Transit Grant Funding for the Otter Bus transit operation.
- Appropriation of an additional \$278,756 funding towards VDOT Street and Highway Maintenance.
- Interfund transfer of \$2,280,845 to write-off an interfund balance that was created between the General Fund and Solid Waste Fund at the closure of the new landfill.

Capital Asset and Debt Administration

Capital Assets – The Town's investment in capital assets for its governmental and business-type activities as of June 30, 2023, amounts to \$32,648,251 (net of accumulated depreciation). This includes land, buildings and system improvements, and machinery, equipment, and infrastructure. The total increase in the investment in capital assets for the current fiscal year was 0.52% (a 0.79% decrease for governmental activities and a 1.33% increase for business-type activities). The Town's investment in capital assets is summarized as follows:

The Town's Capital Assets

	Governmental Activities		Business-type Activities		Total	
	2023	2022	2023	2022	2023	2022
Land	\$ 2,032,745	\$ 2,032,745	\$ 761,899	\$ 761,899	\$ 2,794,644	\$ 2,794,644

 Total	 \$ 5,769,285	 \$ 6,194,505	 \$ 6,403,338	 \$ 7,643,974	 \$ 12,172,623	 \$ 13,838,479

The Town's total debt decreased by \$1,665,856 or 12.04% during the fiscal year primarily due to principal payment of outstanding general obligation bonds. The Town does not currently have outstanding debt requiring a rating by rating agencies. Additional information on the Town's long-term debt can be found in Note 9 of this report.

Economic Factors and Next Year's Budgets and Rates

- The Town continues to monitor the cost of purchased power and anticipates an upcoming decrease in purchased power cost. The Town previously signed an agreement to purchase wind energy at a reduced rate which diversified the purchased power portfolio. Approximately 20% of power usage is generated locally.
- The Town continues to analyze its financial situation and implement the necessary measures to maintain and expand adequate levels of fund balance to mitigate risks, provide a back-up plan for revenue shortfalls, and ensure that appropriate amounts are available for emergencies. General property taxes only account for approximately 20% of the Town's total revenue, resulting in a heavier dependence on economy-driven revenue sources. To assist during periods of economic recession, the Town maintains a higher level of fund balance and cash-on-hand for continuation of critical services.
- Economic Development continues to be a top priority for Town Council as evidenced by the continued designation of one-half cent of meals tax revenue generated being earmarked for economic development initiatives only. In addition, Council continues to have a major focus on community planning and the level of service required for accommodating growth and providing resources for a sustainable future.
- The Town incorporated adjacent areas to Town Corporate limits as included in the Voluntary Settlement Agreement. The Town expanded by approximately four-square miles and citizens in those areas receive the enhanced level of services that are currently provided to all Town residents.

All of these factors will continue to be an economic consideration in the Town's future budgeting processes.

Requests for Information

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, Town of Bedford, 215 East Main Street, Bedford, Virginia 24523.

TOWN OF BEDFORD, VIRGINIA

**RECONCILIATION OF THE GOVERNMENTAL FUND BALANCE SHEET
TO THE STATEMENT OF NET POSITION**
June 30, 2023

Total Fund Balance – Governmental Fund	\$ 6,400,160
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not financial resources, and, therefore, are not reported in the funds.	
Nondepreciable capital assets	\$ 2,958,025
Depreciable capital assets, net	<u>9,435,767</u>
	12,393,792
Certain receivables are not available to pay for current-period expenditures and therefore are deferred in the funds.	
	2,612,022
Financial statement elements related to other postemployment benefits and pensions are applicable to future periods and, therefore, are not reported in the funds.	
Deferred outflows related to:	
Pensions	820,286
Other postemployment benefits	<u>48,308</u>
	868,594
Deferred inflows related to:	
Pensions	(525,144)
Other postemployment benefits	<u>(80,889)</u>
	(606,033)
Net pension liability	(4,442,588)
Net other postemployment benefits liability	(240,633)
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:	
General obligation bonds	(2,093,227)
Financed purchases	(488,668)
Subscription liability	(165,915)
Accrued interest payable	(30,420)
Compensated absences	(283,856)
Landfill postclosure liability	<u>(2,737,619)</u>
	<u>(5,799,705)</u>
Total Net Position – Governmental Activities	<u>\$ 11,185,609</u>

The Notes to Financial Statements are an integral part of this statement.

TOWN OF BEDFORD, VIRGINIA

 Total other financing sources (uses)	 <u>(1,177,118)</u>
 Net change in fund balance	 223,307
FUND BALANCE AT JULY 1	<u>6,176,853</u>
FUND BALANCE AT JUNE 30	<u>\$ 6,400,160</u>

The Notes to Financial Statements are an integral part of this statement.

EXHIBIT 6**TOWN OF BEDFORD, VIRGINIA**

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES**
Year Ended June 30, 2023

Net Change in Fund Balance – Governmental Fund	\$ 223,307
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures; however, in the Statement of Activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense:	
Capital outlays	\$ 1,106,809
Depreciation expense	<u>(1,151,608)</u>
	(44,799)
The net effect of loss on disposition of assets involving capital assets that do not provide or use current financial resources and are not reported as revenue or expenditures in the governmental funds.	
	(53,306)
Governmental funds report debt service amounts received from BRWA as revenue, while this represents repayment of principal of the long-term receivable in governmental activities.	
	(490,012)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.	
	100,631
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources while the repayment of the principal of long-term debt consumes current financial resources of governmental funds. Neither transaction has an effect on net position.	
Issuance of lease and subscription liabilities	(190,926)
Principal repayments and other long-term liability reductions:	
General obligation bonds	661,813
Lease liabilities	127,850
Landfill postclosure (net change)	<u>(137,619)</u>
	461,118
Governmental funds report employer pension contributions as expenditures. However in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense:	
Pension contributions	632,198
Cost of benefits earned net of employee contributions	<u>(609,711)</u>
	22,487
Governmental funds report employer other postemployment benefit contributions as expenditures. However, in the Statement of Activities the cost of these benefits earned, net of employee contributions, is reported as other postemployment benefit expense:	
Employer other postemployment benefit contributions	17,736
Other postemployment benefit	<u>(6,441)</u>
	11,295
Governmental funds report the effect of discounts and premiums when debt is first issued; whereas, these amounts are deferred and amortized in the Statement of Activities. Interest is recognized as an expenditure in the governmental funds when it is due. In the Statement of Activities, interest expense is recognized as it accrues, regardless of when it is due. The net effect of those differences is as follows:	
Interest expense	11,747
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	
	<u>(35,898)</u>
Change in Net Position – Governmental Activities	\$ 206,570

The Notes to Financial Statements are an integral part of this statement.

Note 1. Summary of Significant Accounting Policies

A. The Financial Reporting Entity

The Town of Bedford, Virginia (the “Town”) was originally incorporated as a city in 1968. Effective July 1, 2013, the City reverted to town status, as more fully described in Note 23. The Town operates a Council-Manager form of government and provides municipal services to its residents. The financial statements of the reporting entity include only those of the Town (the primary government).

Discretely presented component units

Town of Bedford Redevelopment and Housing Authority

Under the *Code of Virginia*, the Commonwealth of Virginia created in each town and county, a redevelopment and housing authority which is a separate political subdivision of the Commonwealth. In 1970, Town Council activated the Town of Bedford Redevelopment and Housing Authority (the “Authority”). The Authority owns and operates federal and state-assisted housing projects for low-income families and administers urban development projects. Commissioners of the Authority are appointed by Town Council; the Town is not financially accountable for the Authority, however, the Town does provide financial support.

Economic Development Authority of the Town of Bedford

In 1970, Town Council created the Economic Development Authority of the Town of Bedford (the “EDA”). The EDA was established to promote industry and develop trade within the Town. The EDA is governed by a board of seven directors appointed by Town Council; the Town is not financially accountable for the EDA, however, the Town does provide financial support.

The following entity is excluded from the accompanying financial statements:

Jointly governed organizations

Region 2000 Services Authority

During 2008, the Town, in conjunction with the Counties of Campbell, Nelson, and Appomattox, and the City of Lynchburg, created the Region 2000 Services Authority (the “Region 2000”). In 2013, the Town requested their agreement with the Region 2000 be terminated as the Town now has full access to Bedford County’s landfill. The Region 2000 agreed to release the Town. The Town will continue to be responsible for the closure and post-closure cost previously incurred at the Region 2000, which is recorded in the long-term liabilities of the solid waste fund.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 1. Summary of Significant Accounting Policies (Continued)

A. The Financial Reporting Entity (Continued)

Related organizations

Other Boards and Commissions

Town Council appoints certain members of various boards and commissions' governing bodies as provided under state and local laws and ordinances. However, the boards and commissions are advisory in nature and the Town is not financially accountable for these organizations.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 45 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Intergovernmental revenues, consisting principally of categorical aid from federal and state agencies, are recognized when earned or at the time of the specific expenditure. Sales, communication sales and use, and public utility taxes, which are collected by the Commonwealth of Virginia and public utilities, respectively, and subsequently remitted to the Town, are recognized as revenues and receivables when measurable and available.

The Town reports the following major governmental fund:

The *general fund* is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Town reports the following major proprietary funds:

The *solid waste fund* accounts for solid waste operations.

The *electric fund* accounts for electric distribution operations.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's proprietary funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the solid waste and electric enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 1. Summary of Significant Accounting Policies (Continued)

D. Budgets and Budgetary Accounting

Following are the procedures used to establish the budgetary data reflected in the financial statements:

- 1) Prior to May 1, the Town Manager submits to Town Council a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- 2) Public hearings are conducted to obtain citizen comments.
- 3) Prior to June 30, the budget is legally enacted through passage of an appropriations resolution. The appropriations ordinance places legal restrictions on expenditures at the department level.
- 4) The Town Manager is authorized to transfer budget amounts between departments within any fund; however, any revisions that alter the total budget amounts and/or appropriations of any fund must be approved by Town Council. Town Council approved additional appropriations of approximately \$8,700,000 during the current fiscal year primarily for unanticipated expenditures in general governmental administration, public works, public safety, and potential grant expenditures in community development.
- 5) Formal budgetary integration is employed as a management control device for all funds.
- 6) The budget for the general fund is adopted on the modified accrual basis of accounting.

Appropriations lapse on June 30 for all Town funds except for carry-forward requests approved by Council.

E. Cash and Cash Equivalents

The Town considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

F. Investments and Fair Value Measurement

Investments are stated at fair value.

The Town categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America (GAAP). The hierarchy is based on the valuation inputs used to measure the fair value of the asset and are described as follows.

- Level 1 inputs are quoted prices in active markets for identical assets;
- Level 2 inputs are significant other observable inputs;
- Level 3 inputs are significant unobservable inputs.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 1. Summary of Significant Accounting Policies (Continued)

G. Allowance for Uncollectible Accounts

The Town calculates its allowance for uncollectible accounts using historical collection data and specific account analysis.

H. Inventories

Inventories are stated at the lower of cost or market. Inventories consist of electric department parts and materials held for consumption, which are expensed when used.

I. Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. *Capital assets* are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Prior to June 30, 2015, donated capital assets were recorded at estimated fair market value at the date of donation. Subsequent to June 30, 2015, donated capital assets have been reported at acquisition value. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets generally are depreciated using the straight-line method over the following estimated useful lives:

Buildings and improvements	30-40 years
Machinery and equipment	5-10 years
Distribution and transmission systems	40-50 years
Infrastructure	40-50 years

Certain capital assets used specifically in landfill operations are depreciated based on the percentage of capacity used.

Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc.

Intangible assets include subscription right-to-use assets recorded under GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITAs)*, net of accumulated amortization. SBITAs are amortized over the shorter of the subscription term or the useful life of the underlying IT asset.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 1. Summary of Significant Accounting Policies (Continued)

J. Deferred Outflows/Inflows of Resources

In addition to assets, the statements that present net position report a separate section for deferred outflows of resources. These items represent a consumption of net assets that applies to future periods and so will *not* be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statements that present financial position report a separate section for deferred inflows of resources. These items represent an acquisition of net assets that applies to future periods and so will *not* be recognized as an inflow of resources (revenue) until that time. The Town has the following items that qualifies for reporting as deferred inflows or outflows:

- Deferred charge on refunding. A deferred charge on refunding is a deferred outflow which results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Contributions subsequent to the measurement date for pensions and other postemployment benefits (OPEB) are always a deferred outflow; this will be applied to the net pension or OPEB liability in the next fiscal year.
- Differences between expected and actual experience for economic/demographic factors in the measurement of the total pension or OPEB liability. This difference will be recognized in pension or OPEB expense over the expected average remaining service life of all employees provided with benefits in the plan and may be reported as a deferred inflow or outflow as appropriate.
- Changes in actuarial assumptions that will be recognized in the pension and OPEB expenses over the closed five-year period and may be reported as a deferred inflow or outflow as applicable.
- Changes in proportionate share between measurement dates on OPEB liability. This difference will be recognized in OPEB expense over the remaining service life of the employees subject to the plan and may be reported as a deferred inflow or outflow as applicable.
- The governmental fund reports unavailable revenue from property taxes and other receivables, such as Bedford Regional Water Authority (BRWA) receivable, not collected within 45 days of year end and property taxes levied to fund future years.
- Difference between projected and actual earnings on pension and OPEB plan investments. This difference will be recognized in pension or OPEB expense over the closed five-year period and may be reported as a deferred outflow or inflow as appropriate.
- Lease-related amounts are recognized at the inception of leases in which the Town is the lessor. The deferred inflow of resources is recorded in an amount equal to the corresponding lease receivable plus certain additional amounts received from the lessee at or before the commencement of the lease term that related to future periods, less any lease incentives paid to, or on behalf of, the lessee at or before the commencement of the lease term. The inflow of resources is recognized in a systematic and rational manner over the term of the lease.

(Continued)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 1. Summary of Significant Accounting Policies (Continued)

K. Pensions and Other Postemployment Benefits (OPEB)

For purposes of measuring all financial statement elements related to Virginia Retirement System (VRS) administered pension and OPEB plans, information about the fiduciary net position of the Town's Plans and the additions to/deductions from the Town's Plan's net fiduciary position have been determined on the same basis as they were reported by the VRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. Compensated Absences

Town employees accumulate vacation time depending upon their length of service. Outstanding vacation time up to 30 days is payable upon termination of employment. All vacation pay is accrued when incurred in the government-wide and proprietary fund statements. A liability for these amounts is reported in the governmental fund only when the amounts are due and payable. Management believes the long-term portion of compensated absences is immaterial.

M. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, *long-term debt* and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund-type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method. Issuance costs are recognized during the period. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N. Net Position/Fund Balance

Net position in government-wide and proprietary financial statements is classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through state statute. Net investment in capital assets represents capital assets net of debt related to it.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS June 30, 2023

Note 1. Summary of Significant Accounting Policies (Continued)

N. Net Position/Fund Balance (Continued)

Fund balance is divided into five classifications based primarily on the extent to which the Town is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

- **Nonspendable** – Amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.
- **Restricted** – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- **Committed** – Amounts constrained to specific purposes by the Town using its highest level of decision making authority; to be reported as committed, amounts cannot be used for any other purposes unless the same level of action is taken to remove or change the constraint.
- **Assigned** – Amounts that are constrained by the Town’s intent to be used for specific purposes but are neither restricted nor committed. Fund balance may be assigned either through the encumbrance process as a result of normal purchasing activity (which includes the issuance of a purchase order), or by the Town Manager or his designee.
- **Unassigned** – Amounts that are available for any purpose; positive amounts are reported only in the general fund.

O. Restricted Amounts

The Town applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

P. Minimum Fund Balance Policy

The Town will maintain a minimum Undesignated/Unreserved General Fund Reserve that is sufficient to provide financial resources for the Town in the event of an emergency or the loss of a major revenue source. The Town has set the minimum Undesignated/Unreserved Balance for the General Fund at an amount equal to 25.0% of General Fund operating expenditures to mitigate the impacts of unanticipated revenue shortfalls and provide a buffer for unexpected expenditure requirements.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 1. Summary of Significant Accounting Policies (Continued)

Q. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the appropriation, is employed as an extension of formal budgetary integration in the governmental funds. Significant encumbrances as of June 30 totaled \$117,144 in the general fund.

R. Estimates

Management uses estimates and assumptions in preparing its financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities, and reported revenues, expenditures, and expenses. Actual results could differ from those estimates.

Note 2. Deposits and Investments

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et. seq. of the *Code of Virginia*. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amount from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments

Investment policy

Statutes authorize the Town to invest in obligations of the United States or agencies thereof; obligations of the Commonwealth of Virginia or political subdivisions thereof; obligations of the International Bank for Reconstruction and Development (World Bank); the Asian Development Bank; the African Development Bank; “prime quality” commercial paper and certain corporate notes; banker’s acceptances; repurchase agreements; the Virginia State Non-Arbitrage Program (SNAP); and the State Treasurer’s Local Government Investment Pool (LGIP).

Pursuant to Sec. 2.1-234.7 of the *Code of Virginia*, the Treasury Board of the Commonwealth sponsors the LGIP and has delegated certain functions to the State Treasurer. The LGIP (a 2a-7 like pool) reports to the Treasury Board at their regularly scheduled monthly meetings and the fair value of the position in LGIP is the same as the value of the pool shares (i.e., the LGIP maintains a stable net asset value of \$1 per share). The investment policy specifies that no investment may have a maturity greater than three months from the date of purchase.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 2. Deposits and Investments (Continued)

Investments (Continued)

Credit risk

As required by state statute or by the Town, the policy requires that commercial paper have a short-term debt rating of no less than “A-1” (or its equivalent) from at least two of the following; Moody’s Investors Service, Standard & Poor’s, or Fitch Investor’s Service, provided that the issuing corporation has a net worth of \$50,000,000 and its long-term debt is rated A or better by Moody’s and Standard & Poor’s. Banker’s acceptances and certificates of deposit maturing in less than one year must have a short-term debt rating of at least “A-1” by Standard & Poor’s and “P-1” by Moody’s Investor Service. Open-ended investment funds must be registered under the Securities Act of the Commonwealth or the Federal Investment Company Act of 1940, provided that they invest only in securities approved for investment herein. Commonwealth of Virginia and Virginia Local Government Obligations secured by debt service reserve funds not subject to annual appropriation must be rated AA or higher by Moody’s or Standard & Poor’s. Repurchase agreements require that the counterparty be rated “A” or better by Moody’s and Standard & Poor’s.

Concentration of credit risk

Although the intent of the Policy is for the Town to diversify its investment portfolio to avoid incurring unreasonable risks regarding (i) security type, (ii) individual financial institution or issuing entity, or (iii) maturity, the policy places no limit on the amount the Town may invest in any one issuer.

Interest rate risk

The Policy limits certain investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Agency securities purchased must mature within five years of the date of purchase. Prime commercial paper must mature within 270 days of the date of purchase, and banker’s acceptances must mature within 180 days of the date of purchase.

As of June 30, 2023 the fair value, credit rating, percentage of portfolio, and weighted average maturity of investments are as follows:

Investment Type	Fair Value	Standard & Poor’s Credit Rating	Percentage of Portfolio	Weighted Average Maturity*
Government and Agency Bonds	\$ 152,222	AAA	100.00%	21.64

* Weighted average maturity in years

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 2. Deposits and Investments (Continued)

Investments (Continued)

Custodial credit risk

The Policy requires that all investment securities purchased by the Town be held in safekeeping by a third-party and evidenced by safekeeping receipts. As required by the *Code of Virginia*, all security holdings with maturities over 30 days may not be held in safekeeping with the “counterparty” to the investment transaction. As of June 30, 2023 investments are held in a bank’s trust department in the Town’s name.

Deposits and investments consist of the following:

Deposits	\$ 21,298,888
Investments	<u>152,222</u>
	<u><u>\$ 21,451,110</u></u>

Reconciliation of deposits and investments to Exhibit 1:

Cash and cash equivalents – primary government	\$ 15,199,271
Cash and cash equivalents – component units	706,135
Investments – primary government	152,222
Cash and cash equivalents, restricted – primary government	<u>5,393,482</u>
	<u><u>\$ 21,451,110</u></u>

Total deposits and investments

Restricted cash and cash equivalents

Restricted cash and cash equivalents consists of the following:

	Governmental Activities	Business-Type Activities	Total
Unspent shared revenue	\$ 71,258	\$ -	\$ 71,258
Maintained as a condition of certain bond instruments	-	87,827	87,827
Cemetery	981,984	-	981,984
Utility deposits	-	440,009	440,009
Landfill closure	-	105,491	105,491
Park trust	78,385	-	78,385
Grant restrictions	<u>3,628,528</u>	<u>-</u>	<u>3,628,528</u>
	<u><u>\$ 4,760,155</u></u>	<u><u>\$ 633,327</u></u>	<u><u>\$ 5,393,482</u></u>

(Continued)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 2. Deposits and Investments (Continued)

Investments (Continued)

The Town categorizes its fair value measurements within the fair value hierarchy established by GAAP. The Town has the following recurring fair value measurements as of June 30, 2023:

	Level 1
Debt securities	
Government and Agency Bonds	<u>\$ 152,222</u>
Total	<u>\$ 152,222</u>

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

Note 3. Receivables

Receivables for the individual major funds are as follows:

	General	Solid Waste	Electric	Total
Receivables				
Taxes	\$ 1,027,377	\$ -	\$ -	\$ 1,027,377
Accounts	<u>255,185</u>	<u>130,045</u>	<u>2,118,614</u>	<u>\$ 2,503,844</u>
Gross receivables	1,282,562	130,045	2,118,614	3,531,221
Less allowance for uncollectible	<u>(156,368)</u>	<u>(18,192)</u>	<u>(173,688)</u>	<u>(348,248)</u>
Net receivables	<u>\$ 1,126,194</u>	<u>\$ 111,853</u>	<u>\$ 1,944,926</u>	<u>\$ 3,182,973</u>

Governmental funds report *unavailable revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. At June 30, 2023 *unavailable revenue* related to taxes receivable was \$813,022 and the BRWA debt service receivable was \$1,799,000. Also at June 30, 2023 unearned revenue related to federal ARPA funding was \$3,592,767.

Note 4. Lease Receivable

The electric fund is the lessor of certain equipment relating to an electric substation for a thirty-year term through 2026. The lessee provides all maintenance and repairs. The lessee will purchase the equipment at the end of the lease term. Monthly payments are \$29,152 through May 2026, at which time the guaranteed residual value is due.

(Continued)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 4. Lease Receivable (Continued)

The lease receivable is due as follows:

Year Ending	Principal	Interest
2024	\$ 118,046	\$ 231,775
2025	135,086	214,735
2026	<u>1,508,910</u>	<u>179,776</u>
	<u><u>\$ 1,762,042</u></u>	<u><u>\$ 626,286</u></u>

Lease and interest revenue was \$103,155 and \$246,669, respectively, for 2023.

Note 5. Interfund Receivables, Payables, and Transfers

Interfund transfers totaling \$1,118,292 from the electric fund to the general fund were to finance general fund programs in accordance with budgetary authorizations.

Interfund transfers totaling \$2,486,336 from the general fund to the solid waste fund to pay off interfund liabilities and to cover obligations of the fund that exceeded available revenues.

Note 6. Due From Other Governmental Units

Amounts due from other governmental units is as follows:

	Governmental Activities
Commonwealth of Virginia	
Communications tax	\$ 15,647
FEMA Grant	46,500
ARPA Grant	28,200
Sales tax	59,321
Other	<u>87,661</u>
	<u><u>\$ 237,329</u></u>

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 7. Bedford Regional Water Authority Debt Service Receivable

On July 1, 2013, the water and sewer fund was closed. Certain assets were transferred to the newly created Bedford Regional Water Authority (BRWA). In consideration, BRWA agreed to pay debt service on certain General Obligation Bonds of the Town. The receivable has been deferred in the governmental funds as the amounts are not considered available, however, is recognized in the fund statements as recovered costs when normal payments are received. The receivable is due as follows:

Year Ending	Principal	Interest
2024	\$ 582,000	\$ 53,071
2025	600,000	35,902
2026	<u>617,000</u>	<u>18,202</u>
	<u><u>\$ 1,799,000</u></u>	<u><u>\$ 107,175</u></u>

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 9. Long-Term Liabilities (Continued)

Equipment

During fiscal years 2020, 2021, and 2023, the Town entered into various financed purchases of equipment totaling \$971,515.

The assets acquired through the financed purchases are as follows:

Machinery and equipment	\$ 978,715
Less: accumulated depreciation	<u>(207,686)</u>
	<u>\$ 771,029</u>

Obligations Payable – AMP

Generating Station Contract

During 2008, the Town entered into a “take or pay” power sales contract with American Municipal Power (AMP) whereby it agreed to participate in the guaranteed purchase of electric generation capacity from a coal-fired generating facility. The participants authorized AMP to acquire ownership interest in the project, and the Town agreed to purchase 1.25% of the power generated under that ownership interest. The project was cancelled, which resulted in stranded costs that are owed by each participant. The Town elected to participate in a new project, the AMP Fremont Energy Center (AFEC) natural gas combined cycle project, which reduced the estimated stranded costs to \$1,081,697, due to certain development costs being transferred to the AFEC project. The ultimate outcome that will be paid by the Town is unclear; ongoing litigation related to the failure of the project could reduce the Town’s liability, if successful. However, the Town’s share of the litigation costs will be added to this liability as they are incurred. Also, AMP’s management believes that approximately \$425,000 of the stranded costs (related to undeveloped land and permitting costs) are likely to have future benefit to the participants, and if so, would reduce the amount owed by the Town. In June 2014, the Town elected to begin repaying the estimated total stranded costs over a 15-year period. The obligation bears interest based upon AMP’s own borrowing costs, which is 0.80%.

Note 10. Landfill Closure and Postclosure Care Costs

Closed landfill – SWP 196

The Town closed its former landfill site in 1994. In accordance with federal and state laws, the Town placed a final cover on this site and was required to perform certain maintenance and monitoring functions for a minimum of ten years after closure. The cumulative amount of estimated closure and postclosure care costs for this site, less costs paid to date, totals \$2,737,619. The presence of certain contaminants has been detected in the groundwater on adjacent property. The estimated liability is based on the Virginia Department of Environmental Quality (DEQ) accepting the active remedy proposed by the Town. If the DEQ does not accept the active remedy, the actual costs may increase. Also, actual costs may be higher due to inflation, changes in technology, changes in regulations, or other unforeseen circumstances.

(Continued)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 10. Landfill Closure and Postclosure Care Costs (Continued)

Closed landfill – SWP 569

This landfill site began accepting waste in 1994. State and federal laws require the Town to place a final cover on this site when it stops accepting waste and to perform maintenance and monitoring functions for thirty years after closure. During 2021, the remaining capacity in the open landfill was considered 100% full and the landfill closed. The cumulative amount of remaining estimated closure and postclosure care costs for this site, less costs paid to date, totals \$1,836,006. Actual costs may be higher due to inflation, changes in technology, changes in regulations, or other unforeseen circumstances.

The Town uses the financial assurance test method of demonstrating its ability to fund closure and postclosure care cost.

Note 11. Subscription-Based Information Technology Arrangements (SBITAs)

In 2023, the Town implemented the guidance of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. This new standard requires reporting an intangible right-to-use asset and subscription liability for IT contracts.

The Town has SBITAs for software platforms with periods expiring October 2025 and February 2026. The Town uses its estimated incremental borrowing rate of 3.00% as the discount rate as none of the subscription arrangements have an explicitly stated interest rate. The value of the right-to-use subscription asset and related accumulated amortization as of year-end are disclosed in Note 8. The related liability as well as principal and interest requirements to maturity are disclosed in Note 9.

Note 12. Net Position/Fund Equity

General fund balance is classified below based primarily on the extent to which the Town is bound to observe constraints imposed upon the use of the resources:

Restricted for:

General governmental administration (grant funding)	\$ 142,112
2010 GO Bond	<u>71,258</u>
	<u>213,370</u>

Assigned to:

Public safety	955,107
Public safety (encumbrances)	23,834
General government (encumbrances)	<u>93,310</u>
	<u>1,072,251</u>

Committed to:

Bedford Regional Water Authority	<u>220,000</u>
----------------------------------	----------------

Nonspendable:

Corpus of permanent fund	<u>981,984</u>
--------------------------	----------------

Unassigned

Total fund balance	<u>\$ 6,400,160</u>
--------------------	---------------------

(Continued)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS June 30, 2023

Note 12. Net Position/Fund Equity (Continued)

Deficit net position

At June 30, 2023 the solid waste fund had a deficit net position of \$1,390,131, which is anticipated to be recovered through future revenues, as well as possible transfers from the general and/or electric funds.

Note 13. Defined Benefit Pension Plan

Plan description

All full-time, salaried permanent employees of the Town of Bedford, (the “Political Subdivision”) are automatically covered by the VRS Retirement Plan upon employment. This multi-employer agent plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are available at

- <https://www.varetire.org/members/benefits/defined-benefit/plan1.asp>,
- <https://www.varetire.org/members/benefits/defined-benefit/plan2.asp>,
- <https://www.varetirement.org/hybrid.html>.

Employees covered by benefit terms

As of the June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	135
Inactive members:	
Vested inactive members	16
Non-vested inactive members	35
Long term disability	1
Inactive members active elsewhere in VRS	54
Total inactive members	106
Active members	87
Total covered employees	328

(Continued)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 13. Defined Benefit Pension Plan (Continued)

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The political subdivision's contractually required contribution rate for the year ended June 30, 2023 was 21.48% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the political subdivision were \$1,061,058 and \$844,631 for the years ended June 30, 2023 and June 30, 2022, respectively.

Net pension liability

The net pension liability is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For political subdivisions, the net pension liability was measured as of June 30, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2021 rolled forward to the measurement date of June 30, 2022.

Actuarial assumptions

The total pension liability for General Employees and Public Safety Employees with hazardous duty benefits, in the Political Subdivision's Retirement Plan was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation	2.50%
General Employees – Salary increases, including inflation	3.50 – 5.35%
Public Safety Employees with hazardous duty benefits – Salary increases, including inflation	3.50 – 4.75%
Investment rate of return	6.75%, net of pension plan investment expense, including inflation

Mortality rates: General employees – 15 to 20% of deaths are assumed to be service related. Public Safety Employees – 45% to 70% of deaths are assumed to be service related. Mortality is projected using the applicable Pub-2010 Mortality Table with various set backs or set forwards for both males and females.

(Continued)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 13. Defined Benefit Pension Plan (Continued)

Actuarial assumptions (Continued)

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study are as follows:

General Employees – Largest 10 – Non-Hazardous Duty and All Others (Non 10 Largest): Updated mortality table; adjusted retirement rates; adjusted withdrawal rates to better fit experience at each year age and service through 9 years of service; no change to disability rates; no change to salary scale; no change to line of duty disability; and no change to discount rate.

Public Safety Employees – Largest 10 – Hazardous Duty and All Others (Non 10 Largest): Update mortality table; adjusted retirement rate to better fit experience and increased final retirement age to 70; decreased rates of withdrawal; no change to disability rates; no changes to salary scale; no change to line of duty disability; and no change to discount rate.

Long-term expected rate of return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	34.00 %	5.71 %	1.94 %
Fixed Income	15.00	2.04	0.31
Credit Strategies	14.00	4.78	0.67
Real Assets	14.00	4.47	0.63
Private Equity	14.00	9.73	1.36
MAPS – Multi-Asset Public Strategies	6.00	3.73	0.22
PIP – Private Investment Partnership	3.00	6.55	0.20
Total	100.00 %		5.33 %
		Inflation	2.50 %
		*Expected arithmetic nominal return	7.83 %

(Continued)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 13. Defined Benefit Pension Plan (Continued)

Long-term expected rate of return (Continued)

- * The above allocation provides for a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected rate of return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

Discount rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions, political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2023, the alternate rate was the employer contribution rate used in the fiscal year 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2021 actuarial valuations, whichever was greater. From July 1, 2022 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 14. Other Postemployment Benefits Liability – Local Plan

Plan description

The Town provides postemployment medical coverage for retired employees through a single-employer defined benefit plan. The plan is established under the authority of Town Council, which may also amend the plan as deemed appropriate. Participants must meet eligibility requirements based on service earned with the Town to be eligible to receive benefits upon retirement. Only participants who retire directly from active service are eligible for the OPEB.

- General government with membership dates before July 1, 2010 (Plan 1) – Participants must have attained age 50 with a minimum of 30 years of service.
- General government with membership dates on or after July 1, 2010 (Plan 2) – receive reduced benefits after attaining 90 points (age plus service) with VRS.
- Law enforcement officers – Participants must have attained age 50 with a minimum of 25 years of service.

The plan does not have any assets accumulated in a trust.

Benefits provided

Benefits include medical, dental, and vision insurance. Participating retirees pay monthly premiums to continue with the Town's insurance plans. Benefits end at the earlier of the retiree's death or attainment of age 65.

Employees covered by benefit terms

As of the July 1, 2021 actuarial valuation, the following employees were covered by the benefit terms of the plan:

Active plan members	90
Inactive employees currently receiving benefits	2
	<hr/> <hr/> <hr/> 92

Total OPEB liability

The Town's total OPEB liability of \$151,337 was measured as of June 30, 2023 and was determined based on an actuarial valuation performed as of July 1, 2021.

Actuarial assumptions and other inputs

The total OPEB liability was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary increases, including inflation	4.00%
Healthcare cost trend rates	6.00% Initial, 4.50% Ultimate
Retirees' share of benefit-related costs	Same as Health Care Trend

Note 14. Other Postemployment Benefits – Local Plan (Continued)

Actuarial assumptions and other inputs (Continued)

Mortality rates: RP-2014 Combined Annuitant Mortality Table for males and females.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2020 through June 30, 2021.

Changes in assumptions and other inputs reflect a change in the discount rate.

Changes in the total OPEB liability

Balance at June 30, 2022	\$ 138,855
<u>Changes for the year:</u>	
Service cost	11,260
Interest	5,600
Assumption or other input changes	(513)
Benefit payments	<u>(3,865)</u>
Net changes	<u>12,482</u>
Balance at June 30, 2023	<u>\$ 151,337</u>

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the total OPEB liability of the Town , as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.13%) or one percentage point higher (5.13%) than the current discount rate:

	1.00% Decrease (3.13%)	Current Discount Rate (4.13%)	1.00% Increase (5.13%)
Total OPEB liability	<u>\$ 164,810</u>	<u>\$ 151,337</u>	<u>\$ 139,129</u>

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 14. Other Postemployment Benefits – Local Plan (Continued)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower (5.50%) or one percentage point higher (7.50%) than the current healthcare cost trend rates:

	1.00% Decrease (5.50%)	Current Healthcare Cost Trend Rates (6.50%)	1.00% Increase (7.50%)
Total OPEB liability	\$ 134,706	\$ 151,337	\$ 171,038

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB

For the year ended June 30, 2023, the Town recognized OPEB expense of \$5,442. At June 30, 2023, the political subdivision reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 24,683
Change in assumptions	<u>14,141</u>	<u>47,754</u>
	<u><u>\$ 14,141</u></u>	<u><u>\$ 72,437</u></u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	Reduction to OPEB Expense
2024	\$ (11,418)
2025	(11,418)
2026	(11,418)
2027	(11,418)
2028	(6,476)
Thereafter	(6,148)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS June 30, 2023

Note 15. Other Postemployment Benefits Liability – Virginia Retirement System Plans

In addition to their participation in the pension plans offered through the Virginia Retirement System (VRS), the Town also participates in various cost-sharing and agent multi-employer other postemployment benefit plans, described as follows.

Plan Descriptions

Group Life Insurance Program

All full-time employees of political subdivisions are automatically covered by the VRS Group Life Insurance (GLI) Program upon employment.

In addition to the Basic Group Life Insurance Benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the GLI Program OPEB.

Specific information for the GLI is available at <https://www.varetire.org/members/benefits/life-insurance/basic-group-life-insurance.asp>

The GLI is administered by the VRS along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia. The plan is considered a multiple employers, cost sharing plan.

Contributions

Contributions to the VRS OPEB programs were based on actuarially determined rates from actuarial valuations as of June 30, 2021. The actuarially determined rates were expected to finance the cost of benefits earned by employees during the year, with an additional amount to fund any unfunded accrued liability. Specific details related to the contributions for the VRS OPEB programs are as follows:

Group Life Insurance Program

Governed by:	<i>Code of Virginia 51.1-506 and 51.1-508 and may be impacted as a result of funding provided to school divisions and governmental agencies by the Virginia General Assembly.</i>
Total rate:	1.34% of covered employee compensation. Rate allocated 60/40; 0.80% employee and 0.54% employer. Employers may elect to pay all or part of the employee contribution.
June 30, 2023 Contribution	\$30,048
June 30, 2022 Contribution	\$23,686

In June 2022, the Commonwealth made a special contribution of approximately \$30.4 million to the Group Life Insurance plan. This special payment was authorized by a Budget Amendment included in Chapter 1 of the 2022 Appropriation Act.

Note 15. Other Postemployment Benefits Liability – Virginia Retirement System Plans (Continued)

OPEB Liability, OPEB Expense and Deferred Inflows and Outflows of Resources Related to OPEB

The net OPEB liability was measured as of June 30, 2022 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation performed as of June 30, 2021 and rolled forward to the measurement date of June 30, 2022. The covered employer's proportion of the net OPEB liability, was based on the covered employer's actuarially determined employer contributions for the year ended June 30, 2022 relative to the total of the actuarially determined employer contributions for all participating employers.

Group Life Insurance Program

June 30, 2023 proportionate share of liability	\$ 244,672
June 30, 2022 proportion	0.02032%
June 30, 2021 proportion	0.02079%
June 30, 2023 expense	\$ 8,356

Since there was a change in proportionate share between measurement dates, a portion of the OPEB expense above was related to deferred amount from changes in proportion.

At June 30, 2023, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources.

Group Life Insurance Program

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 19,375	\$ 9,816
Change in assumptions	9,126	23,832
Net difference between projected and actual earnings on OPEB plan investments	-	15,288
Changes in proportion	7,604	10,691
Employer contributions subsequent to the measurement date	<u>30,048</u>	-
	<u><u>\$ 66,153</u></u>	<u><u>\$ 59,627</u></u>

OPEB Liability, OPEB Expense and Deferred Inflows and Outflows of Resources Related to OPEB (Continued)

The deferred outflows of resources related to OPEB resulting from the Town's contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense in future reporting periods as follows:

Group Life Insurance Program

<u>Year Ended June 30,</u>	<u>Addition (Reduction) to OPEB Expense</u>
2024	\$ (3,746)
2025	(3,977)
2026	(13,792)
2027	909
2028	(2,916)
Thereafter	-

Actuarial Assumptions and Other Inputs

The total OPEB liability was determined using the following assumptions based on an actuarial valuation date of June 30, 2021, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022:

Inflation	2.50%
Salary increases, including inflation:	
• Locality – general employees	3.50 – 5.35%
• Locality – hazardous duty employees	3.50 – 4.75%
Healthcare cost trend rates:	
• Under age 65	7.00 – 4.75%
• Ages 65 and older	5.25 – 4.75%
Investment rate of return, net of expenses, including inflation	GLI: 6.75%

(Continued)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 15. Other Postemployment Benefits Liability – Virginia Retirement System Plans (Continued)

Actuarial Assumptions and Other Inputs (Continued)

Mortality rates used for the various VRS OPEB plans are the same as those used for the actuarial valuations of the VRS pension plans. The mortality rates are discussed in detail at Note 13.

Net OPEB Liability

The net OPEB liability represent each program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2022, net OPEB liability amounts for the various VRS OPEB programs are as follows (amounts expressed in thousands):

	Group Life Insurance Program
Total OPEB liability	\$ 3,672,085
Plan fiduciary net position	2,467,989
Employers' net OPEB liability	1,204,096
Plan fiduciary net position as a percentage of total OPEB liability	67.21%

The total liability is calculated by the VRS actuary and each plan's fiduciary net position is reported in the VRS financial statements. The net OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the VRS notes to the financial statements and required supplementary information.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 15. Other Postemployment Benefits Liability – Virginia Retirement System Plans (Continued)

Long-Term Expected Rate of Return

Group Life Insurance

The long-term expected rate of return on VRS investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	34.00	5.71 %	1.94 %
Fixed Income	15.00	2.04	0.31
Credit Strategies	14.00	4.78	0.67
Real Assets	14.00	4.47	0.63
Private Equity	14.00	9.73	1.36
MAPS – Multi-Asset Public Strategies	6.00	3.73	0.22
PIP – Private Investment Partnership	3.00	6.55	0.20
Total	100.00 %		<u>5.33 %</u>
Inflation			<u>2.50 %</u>
[*] Expected arithmetic nominal return			<u>7.83 %</u>

* The above allocation provides for a one-year return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected rate of return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11, including inflation of 2.50%.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 15. Other Postemployment Benefits Liability – Virginia Retirement System Plans (Continued)

Discount Rate

The discount rate used to measure the GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2022, the rate contributed by the employer for the OPEB liabilities will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2020 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the OPEB plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the Town, as well as what the Town's net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current discount rate:

	1.00% Decrease (5.75%)	Current Discount Rate (6.75%)	1.00% Increase (7.75%)
GLI Net OPEB liability	<u>\$ 356,027</u>	<u>\$ 244,672</u>	<u>\$ 154,683</u>

OPEB Plan Fiduciary Net Position

Information about the various VRS OPEB plan fiduciary net position is available in the separately issued VRS 2022 Annual Comprehensive Financial Report (Annual Report). A copy of the 2022 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2022-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 17. Service Contracts

Power purchase contracts

Holcomb Rock and Coleman Falls

As of September 1, 2019, the Town entered into a purchase power agreement (PPA) to purchase all of the energy generated from two hydroelectric facilities. The agreement provides for extensions with written notice at least six (6) months prior to the scheduled termination of the PPA of either Party's intent to not extend or to renew the PPA. The parameters of the purchase of power remained the same from the prior agreement with the exception of the rate. The terms of the old agreement required the Town to pay a fixed rate of \$0.05 per kilowatt-hour (kWh) for energy produced by the facilities. The new negotiated rate aligns the cost of the energy to the current kWh market rate at time of purchase with a maximum purchase price of \$0.031/kWh. The aggregate amount of this contracted energy to be delivered to the Town under average hydrologic conditions is expected to be approximately 15,000 kilowatt-hours per year.

AMP – Master Service Agreement

In 2018, the Town entered a power sales contract with AMP with an automatic annual renewal clause. The agreement requires the Town to purchase a minimum amount of power which varies based on expected usage. The Town is charged for this power at various adjustable rates based on current market conditions.

AMP – Prairie State Energy Project

During 2008, the Town entered a power sales contract with AMP whereby it and others agreed to participate in the guaranteed purchase of electric generation from a coal-fired generating facility. The participants authorized AMP to acquire ownership interest in the project, and the Town agreed to purchase 1.89% of the power generated under that ownership interest. The contract is on a "take-or-pay" basis which means the Town is required to pay its guaranteed portion whether or not it is used and payment is not conditioned on the performance by AMP under the contract. The obligations are required to be paid whether or not the project is completed, operable, or operating and as long as bonds issued by AMP remain outstanding. The ultimate amounts payable under the contract are currently undeterminable. The contract extends through 2057. Payments under the agreement began in 2012. The contract contains a step-up provision which provides that in the event of the default of a participant, non-defaulting participants may be required to purchase an increased share of power. See Note 9 for repayment terms remaining on the AMP contract related to this project.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS June 30, 2023

Note 17. Service Contracts (Continued)

Power purchase contracts (Continued)

AMP – Fremont Energy Center

During 2011, the Town entered a power sales contract with AMP whereby it and others agreed to participate in the guaranteed purchase of a natural gas-fired combined cycle power generating plant. The participants authorized AMP to acquire ownership interest in the project, and the Town agreed to purchase 1.25% of the power generated under that ownership interest. The contract is on a “take-or-pay” basis which means the Town is required to pay its guaranteed portion whether or not it is used and payment is not conditioned on the performance by AMP under the contract. The obligations are required to be paid whether or not the project is completed, operable, or operating and as long as bonds issued by AMP remain outstanding. The amount payable under the contract is currently undeterminable. The contract extends through 2047. Payments under the agreement began in 2012. The contract contains a step-up provision which provides that in the event of the default of a participant, non-defaulting participants may be required to purchase an increased share of power.

Bedford Solar LLC

In 2017, the Town agreed to purchase the output of a solar generating facility to be constructed at 1477 Draper Road. The term of the Purchase Power Agreement (PPA) is 20 years. The capacity of the plant is 3 MW AC. The amount of energy purchased under the agreement varies in accordance with the plant’s production. The state of the art facility consists of a single axis tracking system with 10,188 solar panels, and it began generating electricity in January 2018. The PPA has a fixed rate of \$.0619 per kWh delivered to the Town’s electric system.

Note 18. Property Taxes

During 2014, the Town adopted Bedford County’s tax billing schedule. Property taxes are levied on a calendar year basis. The County provides the Town with the assessed value as of January 1 for real and personal property. Real estate taxes are payable June 5 and December 5. The real estate tax rate was \$0.28 and \$0.31 per \$100 of assessed value for 2023 and 2022, respectively.

Personal property taxes are payable on December 5. The personal property tax rate was \$1.06 per \$100 for both 2023 and 2022. A penalty of 10% for late payment and interest at the rate of 10% per annum, is charged on unpaid balances. The Town bills and collects its own property taxes.

Note 19. Risk Management

The Risk Management programs of the Town are as follows:

Workers’ compensation

The Town is a member of the Virginia Municipal League Insurance Programs for workers’ compensation insurance. Benefits are provided by the Commonwealth of Virginia. Premiums are based on covered payroll, job rates, and claims experience. Total premiums for fiscal year 2023 were \$116,187.

(Continued)

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 19. Risk Management (Continued)

General liability and other

The Town purchases insurance coverage for exposure related to property, general, boiler and machinery, flood, accident, and automobile liability from Virginia Municipal League Insurance Programs. The Town's property and contents are insured up to a limit of approximately \$63,000,000. The Town maintains an additional \$5,000,000 umbrella policy over all forms of liability insurance. The Town's Public Officials and Law Enforcement Liability coverages, with a \$1,000,000 limit for each, are provided through a policy with the Commonwealth of Virginia. Total premiums for fiscal year 2023 were \$182,648.

Healthcare

The Town provides healthcare coverage for employees through a policy with Anthem. The Town contributes towards the premium for each employee that elects to be covered. Dependents are also covered provided they pay the additional premium to the Town. Total premiums paid by the Town for fiscal year 2023 were \$891,777.

Other

There were no significant reductions in insurance coverages from the prior year and no settlements that exceeded the amount of insurance coverage during the last three fiscal years.

Note 20. Commitments and Contingencies

Grants

Under the terms of federal and state grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursement to the grantor agencies. Management believes disallowances, if any, would not be material to the financial position of the Town.

Note 21. Major Customer/Taxpayer

During fiscal year 2023, approximately 7% of the Town's business-type revenues was generated by one industrial customer.

TOWN OF BEDFORD, VIRGINIA

NOTES TO FINANCIAL STATEMENTS June 30, 2023

Note 22. New Accounting Standards

The Governmental Accounting Standards Board (GASB) has issued the following statements which are not yet effective.

In April 2022, the GASB issued **Statement No. 99, *Omnibus 2022***. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance. The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

In June 2022, the GASB issued **Statement No. 100, *Accounting Changes and Error Corrections***. This Statement requires disclosure in notes to financial statements of descriptive information about accounting changes and error corrections, such as their nature. In addition, information about the quantitative effects on beginning balances of each accounting change and error correction should be disclosed by reporting unit in a tabular format to reconcile beginning balances as previously reported to beginning balances as restated. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

In June 2022, the GASB issued **Statement No. 101, *Compensated Absences***. This statement updates the recognition and measurement guidance for compensated absences and amends certain previously required disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2023.

Management has not determined the effects these new GASB Statements may have on prospective financial statements.

Note 23. Reversion to Town Status

On July 1, 2013, the City of Bedford reverted to town status. Certain governmental activities capital assets in the amount of \$2,132,737 were transferred to Bedford County, including the library and elementary school. Due to the reversion, the County receives an increase in state education funding for 15 years (“Incentive Payments”). In consideration for assets transferred, the County agreed to pay the Town \$500,000 annually for a period of 15 years. In any year in which the Incentive Payment is greater than \$4,000,000, the County shall pay the Town an additional \$250,000. If the Incentive Payment is less than \$4,000,000, the payment to the Town will be reduced by a formula described in the reversion agreement. For the year ended June 30, 2023, the Town received \$750,000 from the County related to Incentive Payments.

TOWN OF BEDFORD, VIRGINIA

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2023

Note 1. Changes of Benefit Terms

Pension

There have been no actuarially material changes to the Virginia Retirement System (System) benefit provisions since the prior actuarial valuation.

Other Postemployment Benefits (OPEB)

There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Note 2. Changes of Assumptions

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Largest 10 – Non-Hazardous Duty:

- Update mortality table to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020.
- Adjusted retirement rates to better fit experience for Plan 1; set separate rates based on experience for Plan2/Hybrid; changed final retirement age from 75 to 80 for all.
- Adjusted withdrawal rates to better fit experience at each age and service through 9 years of service.
- No change to disability rates.
- No change to salary scale.
- No change to line of duty rates.
- No change to discount rate.

Largest 10 – Hazardous Duty/Public Safety Employees:

- Update mortality table to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Scape MP-2020.
- Adjusted retirement rates to better fit experience and changed final retirement age from 65 to 70.
- Decreased withdrawal rates.
- No change to disability rates.
- No change to salary scale.
- No change to line of duty rates.
- No change to discount rate.

TOWN OF BEDFORD, VIRGINIA

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2023

Note 2. Changes of Assumptions (Continued)

All Others (Non 10 Largest) – Non-Hazardous Duty:

- Update mortality table to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Scape MP-2020.
- Adjusted retirement rates to better fit experience for Plan 1; set separate rates based on experience for Plan2/Hybrid; changed final retirement age from 75 to 80 for all.
- Adjusted withdrawal rates to better fit experience at each age and service through 9 years of service.
- No change to disability rates.
- No changes to salary scale.
- No change to line of duty rates.
- No change to discount rate.

All Others (Non 10 Largest) – Hazardous Duty/Public Safety Employees:

- Update mortality table to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Scape MP-2020.
- Adjusted retirement rates to better fit experience and changed final retirement age from 65 to 70.
- Decreased withdrawal rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty.

STATISTICAL SECTION

This part of the Town of Bedford's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Town's overall financial health.

Contents

Table

Financial Trends

1-4

These tables contain trend information to help the reader understand how the Town's financial performance and well-being have changed over time.

Revenue Capacity

5-7

These tables contain information to help the reader assess the factors affecting the Town's ability to generate its property and sales taxes.

Debt Capacity

8-10

These tables present information to help the reader assess the affordability of the Town's current levels of outstanding debt and its ability to issue additional debt in the future.

Demographic and Economic Information

11-12

These tables offer demographic and economic indicators to help the reader understand the environment within which the Town's financial activities take place and to help make comparisons over time and with other governments.

Operating Information

13-15

These schedules contain information about the Town's operations and resources to help the reader understand how its financial information relates to the services it provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant year.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
*GOVERNMENT AUDITING STANDARDS***

To the Honorable Members of Town Council
Town of Bedford, Virginia
Bedford, Virginia

We have audited, in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, and each major fund of the Town of Bedford, Virginia (the "Town"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated November 3, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. **Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.**

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. **The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Governmental Auditing Standards*.**

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

Roanoke, Virginia

November 3, 2023

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY
THE UNIFORM GUIDANCE**

To the Honorable Members of Town Council
Town of Bedford, Virginia
Bedford, Virginia

Report on Compliance for Each Major Federal Program

Opinion on Compliance for Each Major Federal Program

We have audited the Town of Bedford, Virginia's (the "Town") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Town's major federal programs for the year ended June 30, 2023. The Town's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Town of Bedford, Virginia, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Town of Bedford, Virginia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal documentation of Town of Bedford, Virginia's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Town of Bedford, Virginia's federal programs.

Report on Compliance for Each Major Federal Program (Continued)

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the Town's compliance the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town of Bedford, Virginia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Town of Bedford, Virginia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Town of Bedford, Virginia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. **Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.**

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
