McGhee Street Bridge Over Southern Railroad
TOWN OF BEDFORD, VIRGINIA
VDOT UPC #116980
Federal Project # STP-5141(110)

Learn more about the Town of Bedford's proposed plan to replace the McGhee Street Bridge over the Norfolk Southern Railroad, located just north of the intersection at Orange Street and Belltown Road.

Proposed Project:

The existing bridge, built in 1907, is a single lane structure measuring 93.5 feet in length and 14.75 feet across. Due to its poor condition, the bridge was closed to traffic in September 2018 and will remain closed until a replacement is complete. The Town of Bedford proposes replacing the bridge with a new two-lane structure, measuring 102 feet long and 24 feet across. The project work also includes regrading of the intersection of McGhee Street, Orange Street, and Belltown Road.
